Sales by Transmission

An illustration featuring two hands. The hand on the left is light orange and holds a dark blue car key. The hand on the right is brown and is reaching out. In the center, a white square with an orange border contains the number '04' in orange. The background is a light beige color with stylized white clouds, small orange stars, and a landscape at the bottom with rolling hills and two orange trees.

04

RECOMMENDATIONS

- 
- Increase Focus on High-Revenue Vehicle Brands and Models
 - Reduce overstocking of slow-moving vehicles and increase availability of fast-selling models.
 - Allocate resources to strong sales regions and enhance strategies for weaker-performing areas.
 - Improve satisfaction and match supply with demand by keep an eye on purchasing trends.
 - Advertising campaigns should concentrate on the car types and consumer groups that generate the most revenue.

05

NEXT STEPS

- Flexible financing and trade-in promotions
- Attract customers, increase vehicle turnover
- Monthly profitability reviews conducted regularly
- Align pricing with business growth objectives
